Academic Experience

St. Norbert College, De Pere, WI: Associate Professor of Economics, Dale and Ruth Michels Endowed Chair
 August 2012 – Present

Teach the macroeconomics related courses for SNC, including the principles and intermediate sections, as well as electives. In addition to teaching, I engage in multiple aspects of the college community, including advising students, presenting public lectures, and working with the local media for guest appearances. I pursue these activities along with my monetary economics focused research agenda.

Courses Taught: Economics for Managers (MBA), Principles of Macroeconomics, Intermediate Macroeconomics, International Finance & Monetary Economics, Money & Banking, Investing in Social Change, and Advanced Econometrics (Independent Study)

St. Norbert College, De Pere, WI: Center for Business and Economic Analysis (CBEA) Director
 August 2014 – Present

Lead the efforts of the CBEA in completing 20 community-based projects and giving 25 presentations in our first 4 years while partnering with the local business and non-profit community to promote collaboration with students in a consulting and project-based environment.

Western Michigan University, Kalamazoo, MI: Doctoral Associate
 August 2010 – May 2012

Teaching independent sections of Principles of Macroeconomics and Principles of Microeconomics courses for fifty undergraduate students. My responsibilities include full course control including textbook selection, curriculum structure, quiz and exam creation, and student grades. I present lectures designed to effectively and thoroughly teach core economic principles.

Courses Taught: Principles of Macroeconomics, Principles of Microeconomics

August 2008 – August 2010: Teaching Assistant

Assist in the instruction of Microeconomics, African Economics, and Environmental Economics collegiate courses with the primary responsibilities of tutoring undergraduate students and assisting in grading efforts. I also had the opportunity to lead several classroom lectures on introductory development economics.

Dahl Leadership Scholar, Inaugural Recipient, Augustana College, 2005-2006

Professional Experience

Fifth Third Asset Management (FTAM), Grand Rapids, MI: Graduate Intern – Fixed Income Division

September 2010 – May 2011:

Conducted research as directed by the Senior Portfolio Manager of Taxable Fixed Income to assist in the institutional investment decision-making process. I collected and organized data covering nearly six million home mortgage observations and used this data to build mortgage default and mortgage prepayment forecasting models associated with asset-backed securities. The models were constructed using survival analysis and a time-dependent covariate version of the Cox Proportional Hazards model for prediction. Additionally, interest rate, county-level unemployment rate, and regional home price index forecasting models were also created for mortgage-related analysis.

Claymore Securities, Inc., (now Guggenheim Funds) Lisle, IL: Regional Sales Associate – Exchange-Traded Funds

December 2006 – August 2008:

Advised financial advisors and registered investment advisors on the implementation of Claymore (now Guggenheim Funds) exchange-traded funds (ETFs) and exchange-traded notes (ETNs) as well as engaged advisors in conversations regarding market conditions, asset allocations, and securities trading strategies. I managed an eight state top-tier territory and successfully aided in ETF asset growth through multiple multi-million dollar transactions, helping to expand the ETF assets under management from 400 million dollars to 1.9 billion dollars in eight months.
